Band-Aid products have been used by billions of people for over a hundred years. We reached that milestone by caring for our customers and always looking for new ways we can help. We are proud to introduce the Band-Aid Pets First Aid kits. We know emergencies can happen when you least expect it and we understand that doesn't just apply to your human family members. With the Band-Aid Pets First Aid Kits, you can feel comfort knowing that we are there for your furry family members too.

When Listerine developed its first bottle of mouthwash in 1879, the goal was simple; help people. With that goal in mind, we are excited to announce the Listerine Pet's line of dental care products. Dental disease is the most common ailment seen in pets and by the time your pet is 3; they will most likely already have some early signs of it. We want to do the same thing we did in 1879; help. This time we are helping you take care of your dog with our unique line up of dental care products.
